One-touch fitting mount without hole for printed board

### SH series （100pcs/pack）

RoHS対応

- This is used for fixing a PC board to a chassis, etc. by one-touch insertion when there is no space for drilling a fitting hole to a PC board such as surface mounting board, high-density mounting board and small board.
- Material: Nylon 66 white (UL94V-0)
- Operating temperature range: − 20 to + 80 ℃
- Adaptive PC board thickness: 1.2 mm to 1.6 mm
- Adaptive board thickness on the chassis side: 1.6 mm
 Fitting hole on the chassis side: φ 3.2 ± 0.1

■ Part No.

Part No.	A	H
